

# Olds' "Report Cards" are full of holes.

Glenn Olds apparently doesn't know the facts. If he did, he wouldn't insist on shooting from the hip.

His "Report Cards" are riddled with untruths, misrepresentations and distortions regarding Senator Frank Murkowski's record.

See for yourself:

## WHAT OLDS SAYS

1. Olds accused Murkowski of "missing 15 of the last 19" meetings of a "subcommittee concerned with international trade on which Alaska products depend."  
Ketchikan Daily News 10/8/86
2. Olds criticized Senator Murkowski for failing to obtain a special tax consideration for Anchorage.  
Letter to national PACs.
3. Olds ridiculed Senator Murkowski's Arctic Research Commission because the Chairman of the commission resides in California.  
Olds "Report Card" and TV ad.

## THE TRUTH

Senator Murkowski, Chairman of the Foreign Relations Subcommittee on East Asian and Pacific Affairs, has a 100% attendance record for both 1985 and 1986.

"I want to thank you for all your help on getting the transition rule for the Anchorage Pension Bonds. Your efforts in the Senate to insure the transition rule was in the final bill were tremendous. As you know, we were not about to let that \$6.8 million savings slip away if we could help it."

**Tony Knowles**  
Mayor of Anchorage

"I and other Alaska scientists find the Olds ad demeaning and insulting both to our efforts and those of Senator Murkowski. Dr. Zumberge is a renowned polar explorer who is also the President of the University of Southern California. He has a one room office at USC and the main staff effort is located in Anchorage."

**David M. Hickok, Dir.**  
Arctic Environmental  
Information and Data Center

This is only a partial list of misrepresentations and errors you may have read in an Olds "Report Card."

Whatever his reason for spreading falsehoods, it isn't acceptable. In this or any other election.

A fact to keep in mind the next time you're handed one of his "Report Cards."
