

One good thing deserves another.

Continuing a tradition started in 1986, MarkAir will once again award graduating high school seniors a free round trip ticket. It's our way of saying their hard work is appreciated.

Plus, we enjoy giving them an opportunity to visit other parts of the state. Because we don't think there's a better way to gain a greater understanding of Alaska's people and the place we call home.

MARKAIR
Alaska is our home.
