

News from Toksook Bay

Greetings! Mother Nature had fooled us again for the month of frosting - Kanruyauciq-February. The weather was warm and got cold toward end of month. We thought we had early spring.

High school and elementary students had a chance to compete in Native Youth Olympics at Nightmute and Tununak.

The nice weather gave seal hunters chance to hunt. Some men caught bearded seals which gave their wives to give seal parties to women. There's been tom-cod jigging in the ocean close by village. Jiggers catch smelt or tom-cods.

Something new at post office. Some families got some post office box numbers before they ran out of boxes.

Let's welcome new babies and congratulate their parents. Baby boy for Mr. and Mrs. Jimmie Lincoln and baby boy for Mr. and Mrs. Gilbert Alirkar.

For another month do with care. Take care.

Sincerely,

Mary Kailukiak
