

Center Computer Supervisor

**At ARCO Alaska, you'll
oversee a growing operation
that supports North America's
largest oil fields.**

As a major subsidiary of Atlantic Richfield, ARCO Alaska, Inc. operates a substantial DP center at its Anchorage headquarters. If you meet or exceed our qualifications, you'll be supervising data entry, digitizing, plotting, data control, and computer operations generally. And will be coordinating work and staffing schedules, and implementation of new computer hardware and facilities expansion.

These responsibilities require a BSCS degree or equivalent background, and five or more years of experience in scheduling and process control in a medium- to large-scale IBM systems environment. Working knowledge of scientific applications programming, and OS/JCL and TSO is preferred—as is proven supervisory talent. Ability to communicate effectively and function under pressure is essential.

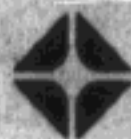

Added attractions:

In addition to fully commensurate salary and good advancement prospects, you'll receive a special Alaska allowance of 45% of the first \$2,000 a month, plus 25% of any monthly allowance over \$2,000. We also provide comprehensive benefits and an annual family vacation travel allowance. (And a special Alaska moving plan.)

For prompt, confidential consideration, please send resume and salary history to: **Employee Relations, ARCO Alaska, Inc., P.O. Box 360, Anchorage, Alaska 99510.**
