

## **\* How to Read This Page \***

The red boxes on these pages contain student performance standards recommended by the English/language arts committee.

The numbers are for quick reference and do not indicate an order of priority. The actual standard is presented in quotes.

The "Rationale" summarizes the importance of this standard.

The "Key Elements" describe the scope of the standard.

Examples of the specific knowledge and skills these standards would require at three grade levels are listed on page 7.
