

EMS Program

Congratulations, Cindy!

Congratulations to Cindy Young for successfully completing the Advanced Cardiac Support Instructors' Course.!

The EMS Program is currently working on a fund-raising drive to raise money for a Neonatal Transport Unit. The unit will be used for transporting newborn and sick infants from the villages to Barrow and from Barrow to Anchorage. So far the Barrow Lions Club has donated \$1,000 and the Barrow Mothers Club has donated \$4,000. The total cost for the unit is \$8,000, so we are more than halfway there. Anyone that wishes to donate money can contact the NSB-EMS Program at 852-3999 for information.

We still have a few First Aid Kits for sale. The camping and hunting season is here. Be prepared just in case of an accident. The kits are \$35.00 each. Similar kits advertised in catalogs are about \$50.00. For information call Bill Jones or Cindy Young at the Health Department 852-3999.

THINK SAFETY AND PREVENT ACCIDENTS!

Bill Jones
EMS Coordinator
