

Public Assistance changes noted

By Susie Toovak
Coordinator

Our office is always busy. Changes have been occurring so fast! We have been informed by our Field Unit Supervisor that we may get new applications which may have more questions - and that makes it harder on the clients and the Fee Agents.

Marlene Graybeal is no longer working with us. I thank her for the good and hard work she presented. Jeanette Kittick took over Marlene's job.

Our Field Units have been moved to Sportsman Mall, 1514 Cushman from the 675 7th Avenue location

In February the field unit went to Wainwright and Pt. Lay. I want to introduce our new Fee Agent, Renee Bodfish. We had quite a time interviewing for the program. I want to thank Renee for volunteering in her community.

I would also like to update our list of Fee Agents in the villages:
