Calista Corporation

SHAREHOLDERS

Calista Corporation's Directors Committee is soliciting nominations for four board of director positions whose terms expire at the **Calista Corporation Annual Shareholder's Meeting, which has been rescheduled for November 21, 1987**, at Kwethluk, Alaska. If you submitted an application for a director position earlier this year you do not need to reapply. Those applications are on file and will be on the proxy for this election, as well as any new applications which are received by 5 p.m., Friday, Sept. 4, 1987. Those directors elected will serve until the Corporation's annual shareholders meeting in 1990.

The four seats open for election represent Administrative Unit 3, which includes Lime Village, Stony River, Sleetmute, Red Devil, Aniak, Crooked Creek, Napaimute, Chuathbaluk, Georgetown, Kalskag and Lower Kalskag; Administrative Unit No. 8, which includes, Chefnak, Toksook Bay, Tununak, Umkumiut, Newtok, Nightmute, Nekoryuk; Administrative Unit No. 10, which includes, Eek, Quinhagak, Goodnews Bay and Platinum; and one At-Large position. One person will be elected from each of the three administrative units listed above plus one at-large representative.

In order to run for the board of directors, a shareholder must be 18 years of age or older and enrolled in Calista Corporation. Application forms are available at the **Calista Corporation office, 516 Denali Street, Anchorage, Alaska 99501**. In order to be considered, completed application forms and resumes must be received (on hand) at the Calista office, 516 Denali Street, Anchorage, Alaska 99501, no later than 5 p.m. local time, on Friday, September 4, 1987.

Isn't He A Little Young To Start?

86 proof
Whisky

Women who drink the equivalent of three ounces of pure alcohol each day - six average mixed drinks or six cans of beer - frequently give birth to babies with **FAS**. Two to five drinks daily can also damage a fetus.

Fetal alcohol syndrome (**FAS**) is a combination of physical and mental birth defects that may develop from alcohol use during pregnancy. **FAS** is one of the most common known causes of birth defects. It is preventable. If you have any questions concerning **FAS**, talk to your doctor, health aide or The March of Dimes at 279-2622.
