

# Fairbanks North Star Borough Library Sends Stories Over ATS-1

"Kuzhtuka is to blame!"

Kuzhtuka is a giant terror who everyone tried to kill, but none could succeed. Finally they tried to burn him and there were lots of ashes. But Kuzhtuka was not to be outdone — he changed the ashes to mosquitos!!! Kuzhtuka is to blame. The mosquitos are his fault.

This was a story told by Leonard Hamilton of the Fairbanks Native Center of the VILLAGE CIRCLE STORY EXCHANGE on April 25. It was broadcast on the ATS-1 Satellite Radio.

Leonard said the story comes from Southeast Alaska, but it is very appropriate for the Interior too.

THE VILLAGE CIRCLE STORY EXCHANGE is produced by the Fairbanks North Star Borough Library and sponsored by the Alaska Library Association.

Also on the same day, Grafton Gabriel, also of the Native Center, told a story titled, "You Could Get up Again." He told of a young man and his problems with Demon Rum.

Three times he fell, and then he finally made it to stay. Grafton said, "This is a true story."

And it was an inspiring story of what a person can do when he sets his mind to it.

The villages are encouraged to participate and exchange stories on the VILLAGE CIRCLE EXCHANGE every Friday from 11 - 12 a.m. (AST).

## Legislation and Blue Color Workers

The Senate Post Office and Civil Service Committee has reported legislation which effects the retirement of some federal employees and provides for retroactive pay raises for blue collar federal workers.

Sen. Ted Stevens, a member of the committee, said that one bill would permit early retirement for employees who leave the federal service of their own accord when a reduction in force is impending.

Present law permits retirement on a reduced annuity only to employees who are separated involuntarily on account of a reduction in force.

Two House-approved bills reported without amendments are:

One, which effects several thousand Alaskan blue collar workers, provides for retroactive pay increases for blue collar federal employees whose pay increases were banned by President Nixon's pay freeze in 1971.

The retroactive pay will extend back to the date on which the pay increases would have been effective had wage surveys been established on time.

The second House bill was approved for early retirement of air traffic controllers, a re-training program and new appeals procedures for controllers.

Power to go places where there is no power—that's the beauty of the new Honda E400 Portable Generator. Take it on a fishing trip and it'll run a small refrigerator to keep your catch fresh. Put one on a boat and it'll power a bilge pump giving you more time.

When Honda introduces a new product, you can be sure it's the best in the field. And that's certainly true of the new F-28 Rototiller. Honda designers and engineers put all their know-how together to build a rototiller with all the features you could possibly want.

F-28 SNOW BLOWER

takes straight gas.

Big power. Small package. The famous Honda four-stroke overhead cam shaft engine provides years of trouble-free service with a minimum of maintenance.
