

Seniors can apply to be interns in Murkowski's office

WASHINGTON, D.C. — Applications are now available for Alaska high school seniors interested in applying for a summer internship in the office of Sen. Frank Murkowski, R-Alaska.

Applications must be completed and returned postmarked no later than April 2. Graduating seniors can obtain applications from their principals or counselors.

The sessions are from June 9 to July 7 and July 7 to Aug. 4.

Interns perform a variety of duties in both Murkowski's office and in the Committee on Veterans' Affairs. Interns are housed on the campus of George Washington University and are responsible for their own living expenses while in the nation's capital.
