NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION hereby gives notice that UNITED UTILITIES, INC. (United), a telecommunications utility, has filed a tariff revision (TAT-248). United states that the purpose of the filing is to delete all tariff rules and rates for non-recurring charges for inside wiring.

United proposes to revise the rule on advance wiring by deleting a portion of the rule and adding a provision that advance wiring may be provided by other sources. United also proposes to delete from its tariff:

1. the non-recurring charges for station and advance wiring (jacks),
2. the non-recurring charges and monthly recurring charges for auxiliary services and equipment (e.g., cords, bells, and certain telephone instruments, and
3. the non-recurring charge for private line and leased line service terminations on a key or jack.

If after investigation the Commission finds a rate or classification different from that proposed by United is reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from the utility whose address is 5450 A Street, Anchorage, Alaska 99518. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 420 "L" Street, Suite 100, Anchorage, Alaska 99501-1987.

Any interested person may file a statement of views favoring or opposing this tariff filing with the Alaska Public Utilities Commission. While comments will be considered by the Commission in determining the appropriate action to be taken, those comments will not serve to make the person a party to the proceeding. Any person wishing to become a party must file a petition to intervene in accordance with 3 AAC 48.110 of the Alaska Administrative Code.

To assure Commission consideration of comments or petitions must be filed by May 25, 1987. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with United.

NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION hereby gives notice that BARROW UTILITIES AND ELECTRIC COOPERATIVE, INC., a gas utility, has filed a tariff revision (TA4-35) which is a request to reduce its tariff because of numerous changes to the rules and regulations section of its tariff.

The new tariff rules and regulations are divided into the following sections:

- Definitions
- General Provisions
- Application for Service
- Landlord Service Agreement
- Service Connection and Disconnection
- Deposits
- Billing and Delinquent Accounts
- Right-of-way
- Right-of-access
- Point of Delivery
- Inspections
- Consumer's Responsibilities
- Outage Calls
- Meter Readings
- Meter Installations
- Meter Testing and Adjustments
- Temporary Service
- Line Extension Policy
- Discontinuance of Service by Cooperative
- Deferred Payments Available
- Procedure for Customer Complaints
- Discounts
- Charges for Various Utility Services

BUECI proposes changes throughout the rules and regulations. One example of a proposed change concerns the line extension policy. Presently, BUECI's tariff provides that the utility will not charge an applicant for a line extension up to and including 800 feet. For applicant whose line extension exceeds the basic offering, the utility calculates the cost of the line beyond the 800 foot allowance and amortizes this amount over a period of not more than three years. This cost is added to the monthly bill of the consumer, but the consumer is entitled to use the amount of his guarantee in gas consumption. In the new rules and regulations BUECI proposes a standard offering of trenching, installation of 60 feet of one inch P.E. pipe, backfill from the trenching, service riser, bracket and "up" to a 250 size gas meter; beyond this standard offering, extensions may be accomplished by a special contract.

If after investigation the Commission finds a rate or classification different from that proposed by BUECI is reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from the utility whose address is Box 440, Barrow, Alaska 98723. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 420 "L" Street, Suite 100, Anchorage, Alaska 99501-1987.

Any interested person may file a statement of views favoring or opposing this tariff filing with the Alaska Public Utilities Commission. While comments will be considered by the Commission in determining the appropriate action to be taken, they will not serve to make the person a party to the proceeding. Any person wishing to become a party must file a petition to intervene in accordance with 3 AAC 48.110 of the Alaska Administrative Code.

To assure Commission consideration of comments or petitions prior to a final decision on this matter, they must be filed by May 25, 1987. Any comments filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with BUECI.

DATED at Anchorage, Alaska, this 24th day of April, 1987.
