

nishing all labor, materials and equipment and performing all work on Project K-10525 (K-1489, K-1460, K-30402 & D-3631) Sand Point Dam, located on the 18 mile creek herein, will be received until 2:00 p.m. prevailing time, April 30, 1981. Plans for this project are in the Division Director's Office, Division of Highway Design and Construction, Island Center Building, Anchorage, Alaska.

This project consists of Grading and Drains of 2.75 miles of road, way, Sand Point Dam modifications, and Airport gravel surface and erosion.

Principal items of work consist of the following: 88,000 cubic yards of unclassified excavation; 20,600 cubic yards of crushed aggregate base course, grading C-1; 9,400 cubic yards of subbase, 4,000 linear feet of bentonite guard wall type I post.

Lump sum items include construction engineering, design, construction and water supply intake facilities.

All work shall be completed in 180 Calendar Days.

In accordance with requirements set forth by the "Federal Highway Administration", the following provisions are made a part of all advertisements for highway construction contracts:

"The Department has established a total Female and Minority Business Enterprise (FMBE) participation goal of 9.0 percent for this project, composed of 5.0 percent for firms owned and controlled by minorities and 4.0 percent for firms owned and controlled by women.

Where no goals are specified for a project, bidders must submit a certification stating whether or not they intend to subcontract a portion of the work and, if so, that they have taken affirmative action to seek out and consider female and minority as potential subcontractors. Each bidder shall submit a completed FMBE Certification, Form 25A320/8/80, attached to the proposal. Proposals will not be considered without a completed Form 25A320 attached.

Where percentage goals are specified for a project, bidders must submit a completed Female and Minority Business Enterprise Report, Form 25A325/8/80, attached to the proposal. Proposals will not be considered without a completed Form 25A325 attached.

Bidders that submit false information or that fail to meet Female and Minority Business Enterprise goals and fail to demonstrate sufficient reasonable efforts shall not be eligible to be awarded the contract.

One set of plans and specifications may be obtained by all who have a bona fide need for them for bidding purposes. Plans for this project are in the Division Director's Office, Division of Highway Design and Construction, Island Center Building, Anchorage, Alaska.

All work shall be completed in 120 Calendar Days.
