

SANTA

Is
In
Town

The Air Force 17th Tactical Airlift Squadron recently flew Santa Claus to Arctic Village to deliver presents for every resident there. In its 24th annual trip, top photo, shows Santa being greeted by an anxious group of youth. Moving clockwise is Magician Capt. Tidd Woodhouse who is performing a joke on Lemmit Ross. Bottom right is Sammy Christian, left, holding Casey John. Shown at bottom left is Nina John feeling Santa's soft beard. And middle left shows Annie James holding up a decoration she made while singing a Christmas song with the group of children.
