

Bureau of Land Management
Fairbanks District Office
Utility Corridor/Cama Public Meeting/Workshop

A public meeting will be held to hear public concerns and to identify issues related to BLM-managed lands in the Utility Corridor and adjacent lands. The meeting will be Thursday, April 10, 1986 from 7 p.m. to 9 p.m. at the borough assembly room in barrow.

A resource management plan was initiated January 16, 1986 for public lands within the Corridor and those lands managed by BLM identified as the Venetie Block and the Central Arctic Management area. The planning effort will encompass approximately five million acres. Of those, 1.5 million acres will undergo a mandated review for wilderness. The final land use plan is expected to be completed by December 1987.

The purpose of the public meeting is to more closely identify the issues that concern the Corridor lands and to help focus the study on the needs of the public. Additional information may be obtained from the BLM Public Affairs Office at 1541 Gaffney Road, Fairbanks, AK 99703 or by calling 356-2345.
