

Re-Elect

Grant H. Pearson

Democratic Incumbent for the

STATE SENATE

The re-election of Senator Grant H. Pearson, to the State Senate is very necessary to insure sympathetic representation for the welfare of the minority group. He has made a splendid record both in the House and the Senate. His awareness of conditions in the smaller communities and eagerness to help advance their cause, as the records will show, certainly justify your support to re-elect Senator Grant H. Pearson to the State Senate.
