

DR. MARTHA WILSON

MRS. TAMARA BOIKO

ROBERT E. SISTRUNK

Thoughtful Giving Earn Certificates

On June 2, 1970, Dr. Martha Wilson, Service Unit Director, presented certificates to both Mr. Robert E. Sistrunk and Mrs. Tamara Boiko for their outstanding voluntary contributions to the Alaska Native Medical Center in Anchorage.

Dr. "Martha" stated, "Over the past several years Mr. Sistrunk has purchased and donated many television sets of varying types and sizes to make the stay

of the long term pediatric and adult patients more pleasant.

"In this way he has contributed materially to the moral of the patients and therefore to the success of our treatment program. On behalf of the patients and staff I present this plaque as a symbol of thanks."

A Certificate of Appreciation was extended to Mrs. Boiko, a Russian interpreter, with the following comment by Dr. Martha, "Her services as an interpreter have been crucial to the diagnosis and treatment of many patients. Therefore the hospital and staff wish that she have this plaque in appreciation for her efforts on their behalf."

Mrs. Boiko goes beyond the usual interpreters duties by visiting the patients frequently and making them feel comfortable in a strange place, and has responded to requests for help at any time night or day.
