What makes a bank progressive ?

1916 We started in a little one-room bank. We only had two things going for us: a sincere desire to provide up-to-date financial services and a desire to help the community grow. Now, in **1970**, we're Alaska's Number One bank with 24 branches all over the State. Assets are in

excess of \$178,000,000. Located in our Anchorage office, the Alaska Heritage Library houses an extensive collection of Alaskan art and artifacts. Old prospectors' maps, Gold Rush newspapers and other Alaska art treasures reflect the history of our State and the National Bank of Alaska's interest in it. Alaskan industry is booming. The Lumber industry increased its yield some 35,000,000 board-feet over the record high established in 1968. New harvest possibilities opened up in the fish industry, and drilling on the Arctic North Slope revealed tremendous new oil fields.

NBA is a financial partner to a lot of it. Alaskan exports to Japan totalled over \$65,000,000 last year. In fact, international trade in general is sky-rocketing. And NBA is solving attendant

problems in its International Banking Department, newly created last year to assist importers and exporters. All these things make a Bank progressive. Statewide Service — State-size Strength. Write for your copy of NBA's Annual Report, "1969: The Year of Great Changes" — Special Services Dept., Box 600, Anchorage, Alaska 99501.
