

Good luck Koniag

Koniag Inc. last weekend elected a new slate of directors to guide the troubled corporation through stormy financial waters. We wish the best to new chairman Ralph Eluska and vice-chairwoman Judy Meidinger and the rest of the directors, and the shareholders of the corporation.

We hope that all Koniag shareholders, whether they are on the "opposition" or "management" side can work together to make the corporation strong. Only in unity can it succeed.
