Nurses - Male or Female

The Norton Sound area of Alaska encompasses 50,000 square miles and 6,200 people. Delivery of health services is hampered by distance, limited modes of travel (bush plane, snow machine and boat), extremes of weather as well as lack of adequate medical facilities and professional personnel. A community controlled health corporation is seeking to bring care to those in Eskimo villages through the advanced training of village health aides and the construction of clinic facilities. Nurses preferably with some previous independent teaching experience, are needed to assist in this training especially supervision and training sessions to be held in the sides village. The pay is good and will be based on credentials and prior experience. Position available immediately. If interested contact William Dann, Executive Director or Dr. John Daniels, Clinical Director, NORTH SOUND HEALTH CORPORATION, P.O. Box 966, Nome, Alaska. Telephone Number 907-443-2261.
