### AMMENDED NOTICE OF PROPOSED CHANGES IN REGULATIONS AND OF A PUBLIC MEETING

#### COMMERCIAL FISHERIES ENTRY COMMISSION

Notice is given that the Alaska Commercial Fisheries Entry Commission, under the authority of AS 16.43.100 and 110(a) proposed to adopt, amend, renumber or repeal regulations in Title 20, Chapter 05 of the Alaska Administrative Code to implement and interpret AS 16.43.100, .100, .150, .170, and .220 as follows:

- 20 AAC 05.440 is repealed. This section allows fishers to continue using a permit card until January 31 of the next year if the permit is issued for a fishery that extends beyond December 31. The commission proposes that this provision is no longer necessary, because the licensing system is fully automated and permit cards for the next season are available by the previous fall;
- 20 AAC 05.1718(a)(1) is amended to eliminate unnecessary wording and to conform the terms of the regulation to its authorizing statute, AS 16.43.170(g)(1);
- 20 AAC 05.1845(d) is amended to correct the reference from 20 AAC 05.1830 to AAC 05.1840; and
- 20 AAC 05.1910(g) is amended to change the fee required to receive a duplicate metal ADFG vessel number plate from \$10 to \$2 to comply

with AS 16.05.520

Interested persons may submit written comments to the Commission, for the attention of Susan Haymes, at the address indicated below. To be considered, comments should be received no later than August 17, 1995.

Interested persons may also present oral or written comments relating to the proposal at a public hearing to be held in Juneau, in the Commission's Conference Room (see address below), Tuesday, August 8, 1995 at 4:00 PM.

This action is not expected to require an increased appropriation.

Copies of the proposed regulations may be obtained by writing to or calling the Commission. Requests or inquiries should be communicated to:

Susan Haymes, Law Specialist  
Commercial Fisheries Entry Commission  
8800 Glacier Highway, Suite 109  
Juneau, AK 99801-8079  
PH: (907) 789-6160  
FAX: (907) 789-6170

After the close of the public comment period, the Commercial Fisheries Entry Commission will either adopt these or other proposals dealing with the same subject without further notice or may decide to take to action on them.

Under the Open Meetings Act (AS 44.62.310), the Commission will meet in a public meeting in the Commission's Conference Room in Juneau, Alaska, August 18, 1995 at 3:30 p.m., to consider action upon the proposed regulations. No public testimony will be accepted at this meeting.

If you are a person with a disability who may need a special modification in order to comment on the proposed regulations or to attend the public meeting, please contact Susan Haymes at the address or phone number indicated above for assistance in making the necessary arrangements. Requests for special arrangements should be made as soon as possible but at least 72 hours before they are needed.

### NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION gives notice that the ALASKA EXCHANGE CARRIERS ASSOCIATION (AECA) has filed a tariff revision (TA27-999) to add to its tariff provisions for 900 Blocking service and a description of its existing Interim NXX translation charge.

The AECA begins its description of 900 Blocking service with the following language:

The Telephone Company will provide 900 Blocking Service to customers who obtain local exchange service from the Telephone Company under general or local exchange tariffs and to customers who obtain Feature Group A Switched Access service under this [AECA] tariff.

The AECA proposes a \$11.00 nonrecurring charge per exchange service line, or trunk and/or per Feature Group A Switched Access Line for 900 Blocking service. The AECA proposes that blocking access to 900 service be offered to all subscribers at no charge at the time telephone service is established at a new number and for 60 days thereafter.

An example of the proposed language describing Interim NXX Translation follows:

The Interim NXX Translation rate element provides for customer identification of non-data base services when calls are directed by end users in the 1+SAC+NXX-XXXX (e.g., 1+900+NXX-XXXX) format. The NXX codes are assigned to specific customers in conformance with the North American Numbering Plan (NANP). NXX code assignment(s) will be made by the Bellcore NANP Coordinator. The Telephone Company will use the NXX code to identify the customer to whose point of termination the traffic is to be delivered, (i.e., at appropriately equipped electronic end offices, access tandems or through tariffed arrangements with other parties.) It is then the responsibility of the customer to do any further translation the customer deems necessary to route the call. Customer assigned NXX codes which have not been ordered will be blocked.

If after investigation the Commission finds a rate or classification different from that proposed by the AECA is reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from the AECA at 3380 C Street, Suite 201, Anchorage, Alaska 99503. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501.

Any interested person may file with the Commission statements of views favoring or opposing this tariff filing. If you are a person with a disability who may need a special accommodation to comment on the proposed tariff, please contact Michelle Gaut at 263-2114/TTY: 276-4533, by August 14, 1995, to make any necessary arrangements.

Please file comments or petitions by August 28, 1995, to assure their consideration by the Commission prior to a final decision on this matter. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with the AECA.

The Commission considers comments in determining the appropriate action to be taken. Filing comments will not make a person a party to the proceeding. To become a party, one must first petition to intervene in accordance with 3 AAC 48.110.

DATED at Anchorage, Alaska, this day of July, 1995.
