

Hickel to Be At Meeting

Governor Walter J. Hickel is to attend the Alaska Federation of Native Associations' Conference this afternoon.

It is not known at this time what the Governor will have to say to the delegates.

Indication of the Governor's presence at the meeting was made to Hugh Nicholls when the State Attorney General Burr said that Hickel would be present at the conference in Fairbanks.

This took place at the disbursement of the meeting in Juneau between the Governor and the Arctic Slope Native Association representatives regarding land lease sales in the North Slope area.
