

AT THE FRONT OF THE PLAN  
THAT'S MILES  
AHEAD OF THE OTHERS

# THE PREMIUM BONUS ACCOUNT FROM WIEN AIR ALASKA

**Never look to zero.** You start receiving immediate benefits as soon as you fill out a Premium Bonus Account application, give it to a Wien passenger agent, and take your first flight. Use your award, and your benefits continue to grow.

**Redeem it any way you like.** As soon as you've travelled 1,000 miles, you automatically receive an Award Certificate that gives you three options—use it individually for immediate greater savings on future Wien flights—or give it away!

**There's no where to go but up.** As your vested interest continues to grow whether you redeem your Award Certificates or accumulate them as you travel upward through each award level.

**We take care of everything.** Our Computerised Bonus Mileage Tracking System keeps a record of your entire Premium Bonus Account. Your vested interest begins to grow with your first flight. We credit your mileage directly to your account and send you a monthly statement of all your travel activities. You'll also receive Award Certificates as soon as you reach a new award level.

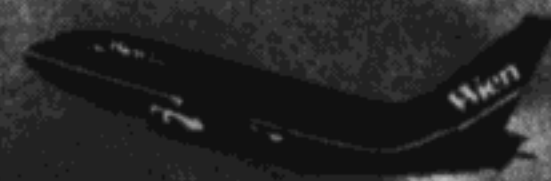

And what's more, your mileage is based on the scheduled air miles for your flight, not just the shortest distance from your city of origin to your final destination.

For complete information on Wien Air Alaska's Premium Bonus Account, pick up a Premium Bonus Account brochure at any Wien Air Alaska ticket counter or at participating travel agencies.

The best frequent flyer plan in the industry—just look at these bonuses!
