GUARANTEE THE SKILL TRAINING YOU WANT BEFORE YOU GO IN.

That's what the Army's Delayed Entry Program is all about. You choose a skill you'd like to learn. If you qualify to train in that skill, and it's available, the Army guarantees it in writing. And you don't go in until that opening comes up.

You get to choose from over 300 skills, many of them technical, many of them with civilian job applications.

Delayed Entry is like making a guaranteed reservation on a career and the future.

If you'd like to be sure of what's going to happen after graduation, look into the Army's Delayed Entry Program.

Your local Army Recruiter can tell you all about Delayed Entry. So don't delay. Stop in and see him today.

The beautiful way to keep warm.

The beauty of Lindal Cedar Homes goes beyond their distinctive appearance. Lindal Homes are also designed to save energy. For instance, the unique cavity-wall construction in a Lindal Home acts as a thermal barrier against extreme outside temperatures.

To reduce your energy bills even more, Lindal has other optional features like Polar Cap Roofs, Polar Walls and Polar Floors — all with sufficient R-values to withstand the coldest and hottest climates.

In every Lindal Home, thermal windows are standard, of course.

Every Lindal Home is designed to reflect your personality and lifestyle, with unique features like cathedral ceilings and open post and beam interiors that relieve "cabin fever" and give you lots of room to breathe.

Lindal Cedar Homes — more at home in Alaska than any other home you can buy.

Visit us for a free copy of the Lindal Insulation Factbook. Or,
