INVITATION FOR BIDS

Sealed bids in single copy for furnishing all labor, materials and equipment and performing all work on **Anchorage International Airport Concourse "C", Mechanical Relocation, Project No. 57818** described herein, will be received until **2:00 p.m.** prevailing time, **10/16/90**, by the Contracts Administration office, 4111 Aviation Avenue, Anchorage, Alaska.

This project will consist of construction of a new boiler and chiller room, maintenance offices, and renovation of adjacent areas within the South Terminal at Anchorage International Airport. Work also includes an upgrade of the mechanical control system and fire alarm system. Limited asbestos abatement may be required.

The Engineer's Estimate is over $5,000,000.

All work shall be completed by June 2, 1992.

The Department of Transportation and Public Facilities (DOT&PF) hereby notifies all bidders that it will affirmatively assure that in any contract entered into pursuant to this invitation, Disadvantaged Business Enterprises (DBE) and Women Business Enterprises (WBE) will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, national origin or sex in consideration for an award.

The DBE bonus for this project is one percent.

Product substitutions will be allowed only for a specified period during the bid process. All who intend to submit proposals are encouraged to obtain and examine the bid documents at their earliest opportunity. This action will allow bidders the full time provided to explore options and market availability of products which may be proposed.

A Pre-bid conference will be held on September 10, 1990 at 1:30 p.m. in the Main conference room at 4111 Aviation Avenue, Anchorage, Alaska.

PLANS, SPECIFICATIONS AND BIDDING INFORMATION MAY BE OBTAINED BETWEEN THE HOURS OF 8:30 TO 11:30 A.M. AND 12:30 TO 4:00 P.M. by all who have a bona fide need for them for bidding purposes from the plans room of the Review and Contracts Section, 4111 Aviation Avenue, Anchorage, Alaska, (907) 266-1674 (mailing address: P.O. Box 196900, Anchorage, Alaska, 99519-6900).

Documents are available for INSPECTION at: AGC offices in Anchorage, Fairbanks, Soldotna; The Plans Room, Anchorage and Fairbanks; Alaska Business Development Center, Anchorage; Regional DOT&PF, Anchorage, Douglas and Fairbanks.

INVITATION FOR BIDS

Sealed bids in single copy for furnishing all labor, materials and equipment, and performing all work on Project No. 93-25-1-032, Reznoff Drive MP 0 to MP 8. Rebid described herein, will be received until **11:00 a.m. prevailing time Friday, August 31, 1990**, by the Contracts Administration office, 4111 Aviation Avenue, Anchorage, Alaska.

This project will consist of furnishing all materials, labor and equipment, necessary to complete overlay of Reznoff Drive MP 4.2 to MP 8. The work shall consist of pavement overlay, traffic control and fill work necessary to complete and pave Reznoff Drive from the Union Oil Plant to Mill Bay Road, a distance of 3.8 miles. Additive 1 consists of the removal of the pavement from Sargent Creek and Russian River Bridges, new membrane and repaving. Additive 2 consists of pavement removal and replacement of a seal coat, with a cover coat applied to the designated portion of the road. Portions of Reznoff Drive between MP 0 to MP 4.2 are to be included in Additive 2.

All work shall be completed by October 15, 1990.

The Department of Transportation and Public Facilities (DOT&PF) hereby notifies all bidders that it will affirmatively assure that in any contract entered into pursuant to this invitation, Disadvantaged Business Enterprises (DBE) and Women's Business Enterprises (WBE) will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, national origin or sex in consideration for an award.

PLANS, SPECIFICATIONS AND BIDDING INFORMATION MAY BE OBTAINED by all who have a bonafide need for them for bidding purposes from the Plans Room of Contracts Administration, 4111 Aviation Avenue, Anchorage, Alaska, (907) 266-1674 (mailing address: P.O. Box 196900, Anchorage, Alaska 99519-6900).

One set available to qualified bidders at no charge.

COASTAL POLICY COUNCIL
PUBLIC NOTICE

Amendments to the Alaska Coastal Management Act, specifically AS 44.19.145(a) (11) and AS 44.19.152, were signed into law by Governor Cowper on May 11, 1990 (Chapter 44 SLA 1990) to: 1) clarify that the Office of the Governor will render a permit, lease or authorization from two or more State resource agencies; and 2) define "render" and "resource agency".

The Alaska Coastal Management Program (ACMP) Timber Harvest and Processing Standard (6 AAC 80.100) incorporates the Forest Resources and Practices Act (AS 41.17) and regulations. Amendments to the Forest Practices Act governing harvest and processing of timber, which were signed into law by Governor Cowper on May 14, 1990 (Chapter 34 SLA 1990), are thereby incorporated into the ACMP.

The Office of the Governor, Division of Governmental Coordination (DGC), P.O. Box AW, Juneau, Alaska 99811-0165, considers these statutory changes to be a matter of routine program implementation. Pursuant to 15 CFR 923.84(b) (2), DGC has asked for the concurrence of the Office of Ocean and Coastal Resource Management, U.S. Department of Commerce with this determination.

Comments regarding whether the incorporation of these program changes into the ACMP constitute a routine program implementation may be submitted to:

Mr. John King
U.S. Department of Commerce
NOAA/OCRM
1825 Connecticut Avenue, NW
Washington, D.C. 20235

Comments will be accepted through September 10, 1990. If you have questions regarding this notice, contact Gretchen Keiser at DGC at (907) 465-3562.

Publish:9/3/90(3348)

NOTICE OF UTILITIES REQUEST FOR DECLARTORY RULING

The ALASKA PUBLIC UTILITIES COMMISSION hereby gives notice that a filing (Docket U-90-61) had been made by GENERAL COMMUNICATION, INC. (GCI), requesting a declaratory ruling to allow the installation of a phone system proposed for the Department of Corrections. GCI indicates in the filing that it does not believe that the system requires a certification of public convenience and necessity (certificate) or that the system violates any other laws or agreements.

In an RFP issued on October 23, 1989, by the State of Alaska, the Department of Corrections solicited bids to provide a phone system for its inmates access to telephone as required by law. The State awarded the contract to GCI.

The GCI proposed system uses intelligent coinless payphones to provide operator assist type calling. A description of a normal call sequence is as follows:

1. The user dials a number; all calls are 0 + 7 digits or 0 + 10 digits.

2. The user is prompted to speak his or her name. ("John Doe"). The phone stores the name in memory and places the call to the dialed number.

3. The line is maintained in a split mode and the phone announces the call as a collect call originating in a correctional facility and then repeats the caller a name. For example, the phone would say:

"This is a collect call from John Doe at the Fairbanks Correctional Center. If you have a push button phone and wish to accept the call, please remain on the phone for five seconds. Hang up if you do not wish to accept the call."

GCI also proposes to provide a billing service to the Department of Corrections. GCI would collect the billing information from the individual phones and would send the appropriate bill the the called party.

GCI indicates that, until it is granted intrastate authority, all intrastate calls would be carried on Alascom. GCI states that the rate for intrastate calls would be based on Alascom's tariffed rates for operator assisted collect calls. Interstate calls would be carried by GCI and charged according to GCI's rates. The proposed charges to the called party are as follows:

Local: $.60
Intrastate: $1.55 + minute of use charge
Interstate: $1.75 + minute of use charge

GCI contends that the prison phone system should not require GCI to obtain a certificate because it is only providing customer premise equipment and billing service to the State of Alaska.

If the Commission finds that a certificate is required, GCI requests that the Commission grant a AS 42.05.711(d) exemption as being in the public interest.

More detailed information may be obtained from GCI, whose address is 2550 Denali Street, Suite 1000, Anchorage, Alaska 99503-2781. The filing is also available for inspection at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501-1987.

Any interested person may file with the Commission by 4:00 p.m., September 27, 1990, a statement of views and specific reasons in favor of, or in opposition to, the granting of permission to GCI to provide the service described with written confirmation that the same statement has also been delivered or mailed to GCI.

DATED at Anchorage, Alaska, this 27th day of August, 1990.

ALASKA PUBLIC UTILITIES COMMISSION
T.S. Mommsen II
Executive Director
