Under Sec. 17(b) of the Alaska Native Claims Settlement Act, the Secretary of the Interior was authorized to reserve such public easements across Native-selected lands as he deemed necessary to guarantee access to public lands and major water ways or to fulfill agreements or international treaty obligations. Easements within Interim Conveyance No. 739 were issued in accordance with the November 27, 1978 guidelines. However, in the process of easement identification for a new conveyance near Red Devil, Alaska, it was found that the following easement should never have been included in Interim Conveyance No. 739 and, therefore, is terminated.

EASEMENT TO BE TERMINATED

2. c. (EIN 14a C5) An easement fifty (50) feet in width for an existing access trail from the southeastern boundary of U.S. Survey 3771, sec. 31, T. 20 N., R. 44 W., Seward Meridian, and continuing in a southwesterly direction to public lands. The uses allowed are those listed above for a fifty (50) foot wide trail easement.

Easements to be terminated will be removed from our easement records and a formal Release of Interest issued when this decision becomes final.

In accordance with Departmental policy, notice of this decision is being published once a week, for four (4) consecutive weeks in: The Anchorage Times, The Anchorage Daily News, The Tundra Drums, and the Tundra Times.
