Alaska's HAZARDOUS WASTE Management Program

PUBLIC HEARING ON HAZARDOUS WASTE SITING REGULATIONS

The Alaska Department of Environmental Conservation (DEC) will hold a public hearing in Anchorage on Thursday, August 7, from 7 p.m. to 9 p.m. at the Pioneer School House (Third and Eagle Streets), regarding regulations concerning how and where a hazardous waste facility may be located in Alaska.

The proposed regulations will require owners and operators of hazardous waste storage, treatment, incineration, or disposal facilities to obtain a permit from DEC before construction and operation of a hazardous waste management facility. The proposed requirements include:

1. Preapplication notification to the local community;
2. Setbacks from property lines, rights-of-way, waters and water supplies;
3. Risk management;
4. Feasibility and financial responsibility; and
5. Proof that for 1,000 years the public will be protected by natural geologic strata from disposed hazardous waste.

The public is encouraged to attend. For further information contact DEC's Public Information Office in Juneau, at (907) 465-2606.

COMMERCIAL OPPORTUNITIES: POTTER SECTION HOUSE HISTORIC SITE IN CHUGACH STATE PARK

**Alaska State Parks invites letters of interest
for the operation of a gift store and guided tours
at Potter Section House**

- A new, highly visible tourist destination at the beginning of the Turnagain Arm Scenic Corridor
- Immediately adjacent to Seward Highway
- Traffic estimate: nearly 2 million vehicles pass the site each year
- Six major tour companies pass the site on regularly scheduled trips
- Restored Alaska Railroad Section House serves as park ranger station and gift shop
- Paved parking lots and a guided tour through the park

**All letters of interest must be received by
Monday, August 25, 1986.**
