

Boarding Home Program Gets Large Share of Funding

The State Department of Education and the Bureau of Indian Affairs have recently completed negotiating a Johnson O'Malley contract whereby the Bureau of Indian Affairs is supporting the State of Alaska Department of Education in the amount of \$2,584,000 for the 1969-70 school year.

The \$2,584,000 assists the state in funding twenty seven programs, the largest being \$953,000 for the states Boarding Home Program.

Under this program secondary education is made available to rural pupils who do not have a high school to attend in their

community.

The boarding family is reimbursed for the pupil's living expenses by the state. The state

also pays the pupil's transportation and tuition costs. Nearly 700 pupils from 23 communities are involved.

LARRY CARR

For GOVERNOR

Last Saturday, Anchorage Businessman Larry Carr Announced His Candidacy For Governor. In His Announcement, Larry Carr Said:

"Today I am announcing my candidacy for Governor. I have spent all of my adult life in Alaska. My family and business are here and, like most of you, I care a great deal about Alaska and am concerned about its future.

"I am a businessman, and the most important business in Alaska today is the operation of the state government.

"Because of our tremendous oil discoveries, Alaska has the unique opportunity to develop a quality of life unparalleled in America.

"More responsibility is vested in the Governor of Alaska than in any other Governor in the nation. A good Governor can do great things for Alaska, a poor Governor can destroy the state. Alaska needs efficient, honest, business-like leadership and with your help, that's what I hope to bring to the office of Governor."
