

'Rent Watch'

Senator Clifford P. Case has asked the Cost of Living Council to modify the Federal Rent Control Guidelines to make the President's "Rent Watch" a success.

Under current rules apartments of four units or less are exempt from Federal controls. Senator Case, in a letter to Mr. Donald Rumsfeld, Director of the Cost of Living Council, urged the elimination of the four unit or less restriction.

Earlier, Senator Case in a direct appeal to the head of the Rent Advisory Board, Mr. Thomas Curtis, asked for elimination of the exemption.
