

# **Charlie Moses for Doyon board**

## **Reason for running for the Doyon Board —**

I feel that there are certain dominant figures who control my interest in the corporation. This isn't goo for the Doyon stockholders. I believe it's time for new blood to get involved. Don't get me wrong — I'm not knocking the present board. I just think it is time for a change.

I trapped, commercial fished, logged, bartended, surveyed, worked as a draftsman, parts manager, construction inspector, as well as construction. I was employed by Flour, Inc., as a teamster foreman for the past 8 years.

I believe my qualifications additionally include the fact that I am a good listener and a concerned shareholder.
