610 UNIVERSITY AVENUE  
FAIRBANKS, AK 99707-3643

ADEC has received an application, Oil Spill Contingency Plan, and supporting information as required by AS 46.04.030

**Applicant:** North Slope Borough

**Activity:** The North Slope Borough proposes to operate a fuel storage facility in Kaktovik with a storage capacity of approximately 980,00 gallons. The fuel storage facility will provide fuel for the community power plant and school and will be dispensed for home heating and private vehicle use. The bulk tank farm and dispensing station will be operated by the Kaktovik Inupiat Corporation in conjunction with Eskimos, Inc. Fuel transfers to the

power plant and school will be conducted by the NSB.

Facilities of this type are potential sources of large fuel spills. To prevent and/or minimize a fuel discharge, the facility is required to have an Oil Discharge Prevention and Contingency Plan.

#### Location of

**Operations:** Kaktovik, Alaska

**Permit:** CP 95-3-32

Comments regarding this application may be sent to ADEC, 610 University Avenue, Fairbanks, 99709-3643, within 30 days of the publication of this notice. Any comment that would request the applicant to submit additional information should be received by the Department no later than the 18th day after the publication of this notice.

#### STATE OF ALASKA DEPARTMENT OF COMMUNITY AND REGIONAL AFFAIRS NOTICE OF PUBLIC MEETING CONCERNING MUNICIPAL TRUST LAND IN UYAK

Notice is hereby given by the Department of Community and Regional Affairs, pursuant to AS 44.47.150 and 19 AAC 90.210-.290, that a meeting of all persons who are duly enrolled under Section 5 of the Alaska Native Claims Settlement Act (ANCSA) to the Uyak Natives Inc. will be held on April 29, 1995, at 1:00 PM in Room 201 of the Westmark Hotel in Kodiak for the following purposes:

1. General discussion of Section 14(c)(3) of the Alaska Native Claims Settlement Act (ANCSA), Section 1427 of the Alaska National Interest Conservation Act (ANILCA), and the Municipal Lands Trustee Program; and

2. Discuss and obtain the views of the meeting participants concerning a proposal regarding Uyak Natives Inc.'s obligation under Section 1427(e)(3)(B) of ANILCA and Section 14(c)(3) of ANCSA.
3. A meeting resolution concerning the proposal will be voted on by the meeting participants.

The meeting will be open to the public. In accordance with 19 AAC 90.290, all persons who are enrolled to Uyak Natives, Inc. under Section 5 of ANCSA and are at least 18 years of age (or who is the head of a household if less than 18 years) may vote on any resolution concerning the above matter.

Alaska Science & Technology Foundation

Special Two-Step Request For Proposals  
For The Funding Of An Alaskan BIDCO  
March 14, 1995

The Alaska Science & Technology Foundation (ASTF), a public corporation established by AS 37.17.010, is soliciting preliminary proposals for the partial funding by ASTF of an Alaskan BIDCO formed under AS 10.13. ASTF intends to make a loan or other financial assistance to a single BIDCO the sum of \$1 million in which the BIDCO can repay to ASTF through credits earned by job creation and sales generation or by cash repayments. ASTF is issuing a Special RFP that establishes the process by which ASTF will select the appropriate BIDCO to receive such loan or other financial assistance, and the general terms upon which ASTF will extend such loan or other financial assistance to that BIDCO. To request a copy of the RFP, please contact ASTF at the address or phone listed below. In 1992, the legislature of the state of Alaska enacted AS 10.13 which provides for the establishment of BIDCOs under Alaska law. Administered by the Department of

Commerce, BIDCOs are a new type of profit-oriented, market disciplined private financial institution providing risk capital and management assistance to small and medium sized businesses.

BIDCOs are intended to bridge the gap between traditional bank financing and venture capital funding. While BIDCOs take substantially more risk and require higher returns than banks, they do not require their investments to offer the explosive growth and ultimate public offering of stock necessary to yield the super high rates of return sought by venture capital funds.

The BIDCO Loan can be gradually converted by the BIDCO into a grant, based on the performance of the BIDCO in promoting economic development: credit will be provided for BIDCO investments that create jobs in its portfolio companies or increase the sales of those companies. The amount of credits earned for each job created and for each dollar of increased sales activity will vary depending upon the degree of distress of the community in which the business is located. Special incentives will be designed to encourage the BIDCO to finance businesses located in economically distressed areas, including remote rural areas, and to finance minority-owned businesses.

BIDCOs are designed to be entrepreneurially managed, with a talented and experienced management team able to devote substantial time to evaluating, structuring and monitoring complex financing transactions. BIDCOs typically provide hands-on support and assistance to the companies in which they have invested ("portfolio companies"), and may hold substantial equity positions in those companies, either in addition to or instead of extending loans to those companies.

Because of the cost and complexity of forming a BIDCO, obtaining sufficient funding commitments and developing a successful business plan, and because there is not a single best approach for the development of such a BIDCO, ASTF cannot define the precise components of an acceptable BIDCO. Therefore, pursuant to AS 36.30.265, this Special RFP will present guidelines for proposers to shape proposals that demonstrate the highest likelihood of success of an Alaskan BIDCO.

To receive consideration, five copies of your preliminary proposal in a sealed envelope must be received by 5 p.m., on May 15, 1995, at:

Alaska Science & Technology Foundation  
(ASTF)  
Proposal, ASTF BIDCO Program  
4500 Diplomacy Drive, Ste 515  
Anchorage, AK 99508-5918  
1-907-272-4333/office

Proposals received after 5 p.m. on May 15, 1995, will be rejected and returned to the sender.

(NOTE: NO FAXED PROPOSALS WILL BE ACCEPTED.)

#### NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION gives notice that GCI COMMUNICATION CORP. (GCICC), an interexchange telecommunications utility, has proposed a tariff revision (TA45-419). In TA 45-419 GCICC proposes the following modifications to its schedule of charges.

#### Message Telephone Rate Schedules

- GCICC proposes to revise the Company Calling Card rates to increase the service charges for Customer-Dialed 950 Access and Operator-Dialed 950 Access from \$0.00/call to \$0.25/call.

#### Special Billing Services

- GCICC proposes to reduce the monthly charge for Call Accounting Report Service from \$5.00 to \$4.00.

#### 800 Service

- GCICC proposes to revise the 800 Service Establishment Charge provision as shown below.

#### PRESENT

A \$20.00 non recurring charge applies for each 800 Service telephone number assigned, changed or established.

#### PROPOSED

A \$20.00 non recurring charge applies for each newly established 800 Service telephone number.

If the Commission finds that the proposal by GCICC is not just and reasonable, the Commission may approve a rate or classification which varies from those proposed.

Detailed information may be obtained from GCICC at 2550 Denali Street, Suite 1000, Anchorage, Alaska 99503-2781. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501

Any interested person may file with the Commission a statement of views favoring or opposing this tariff filing. If you are a person with a disability who may need a special accommodation to comment on the proposed tariff revision, please contact Pat Oldenburg at (907) 263-2107/TTY: (907) 276-4533 by April 17, 1995, to make any necessary arrangements.

Please file comments or petitions by April 24, 1995, to assure their consideration by the Commission prior to a final decision on this matter. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with GCICC.

DATED at Anchorage, Alaska, this 4th day of April, 1995.

ALASKA PUBLIC UTILITIES COMMISSION
