

# ***CINA Starts Sales Outlet***

The Cook Inlet Native Association has started a sales outlet for native artists and craftsmen and urges your support of the shop to make it a success.

Since we are native-owned and operated and completely non-profit, we can afford to support the native artists and not become involved with keystone practices to support ourselves.

Send your items into the shop and allow us to handle and market the goods. We would like to see the shop increase its consigned inventory to include as varied a selection of Alaskan Native art as possible.

If you have any questions you may address them to: Jim Schoppert, CINA Arts & Crafts, 3350 Commercial Drive, Anchorage, Alaska 99501, you will be given a prompt reply.

Support native-owned and operated industry.
