

Enjoy all the festivities, but do it sober

There are a lot of different activities to do at the 30th AFN Convention, not the least of which is socializing. As an advocate for sobriety, we simply ask you, if you have a drink in your hand, to ask yourself "Do I really need this drink?"

We encourage everyone to enjoy themselves at the dances, museums, workshops and Anchorage in general, but we ask that it be done sober.

ENJOY!
