# Apartheid means starvation in a land of plenty.

**S**outh Africa is among the top seven food exporters in the world. Every year it exports more than a billion dollars worth of beef, grain, vegetables and fruit.

Yet every day 136 black children die from hunger.

The problem is not a lack of food but a lack of justice. It is *apartheid*—South Africa's system of racial domination—that keeps the black majority hungry.

• Blacks are 70% of the population but can own land in just 13% of the country.

• Blacks can own no more than 4 acres of land, while white farms average 3,000 acres.

• Black workers earn as little as \$30 per month, and unemployment is over 25 percent.

• Blacks are denied basic rights such as voting and deciding where to live.

**There can be no end to hunger in South Africa without an end to apartheid.**
