## ATTENTION !! WIEN AIR ALASKA CUSTOMERS

Because of protests and adverse criticism by various air taxi operators and individuals to the Public Service Commission and the Civil Aeronautics Board, we have been forced to cancel the fare revisions that were originally scheduled to be effective April 3 and subsequently delayed until an effective date of May 4. The passenger fares in effect on April 2 will continue to be used until further notice.

The Company sincerely regrets that it is unable to afford the advantages of these reduced fares to its many fine customers, but due to the many complaints and objections it feels that it has no alternative at the present time.
