### How You Find These Investors

**WORLDWIDE FINANCE** has been years in developing four portfolios of companies ready and willing to talk with you immediately about your financial requirements. These specialized portfolios contain names, companies, responsible persons, range of funding or investing power and most instances, specific areas of business activities.

If your financial requirements are specifically suited to just one or more of the four general categories send for that portfolio and allow it to open a new world of financial growth power for your business ventures. YOU choose the preferred source of lending activities.
