

DON'T TIE ALASKA UP

A few people want to put a noose around Alaska's railroad so they can make a profit...

...even if it increases our living costs and clogs our roads with heavy truck traffic.

All Alaskans will pay the price if Ballot measure No. 1 passes - except a small

group of truckers. Their profits will go up - and we'll be the ones who pay at the grocery stores, at the gas pumps and everywhere else.

Don't tie your railroad up - Vote NO on Ballot Measure No.1.
