## FUEL QUESTIONNAIRE FOR RURAL CAP

"To Village Councils, Mayors, City Officials:

On October 1 RurAL CAP sent a fuel questionnaire to all rural communities. The Energy Department at RurAL CAP desperately needs your response to determine fuel shortages this coming winter. If you have not returned the questionnaire, please do so now. Or send us a short note listing number of gallons of gasoline and oil on hand in the village and the selling price, how many gallons are needed for the winter, and if you have bulk storage for your fuel. Please reply as soon as possible to the Energy Department, RurAL CAP, 327 Eagle Street, Anchorage, Alaska 99501 or call Erika at 279-2511."
