VA Travel Bill

WASHINGTON — Sen. Mike Gravel, D-Alaska, has joined in co-sponsoring an amendment that would consider geographical location for reimbursement of transportation costs of veterans traveling in VA facilities.

This amendment to Senate bill 490, sponsored by Sen. James Abourezk, D-S.D., would require the VA administrator to make investigations annually and report to Congress on the rates he proposes to establish for reimbursement of the cost of travel, including lodging and subsistence.
