

encompass the territory within the NANA Regional Corporation boundaries. The territory comprises approximately 36,000 square miles.

The hearing will be subject to the procedures outlined in 19 AAC 10.420. The Chairman of the Local Boundary Commission may impose reasonable limitations of the time allotted to each speaker and may curtail repetitive and irrelevant statements.

The location, date and time of the meeting is as follows:

MARCH 14, 1986 - 7:00 P.M.
Kotzebue Senior Citizens Center (Primary teleconference site)

The meeting will be conducted using telephonic communications (audio conferencing) between the primary teleconference site and the following nine (9) other teleconference sites:

Kivalina - McQueen School
Ambler - Ambler Elementary School
Shungnak - Shungnak School
Noorvik - Noorvik School
Selawik - IRA Office
Buckland - Buckland School
Deering - Deering School
Kiana - Traditional Council Building
Noatak - Noatak School

Following its hearing on the petition, the Commission may reach a decision on the petition for incorporation of the Northwest Arctic Borough. The Commission may take any one of the three following actions in this regard:

1. reject the petition;
2. amend (reduce) the boundaries of the territory proposed for incorporation and approve the petition; or
3. approve the petition as submitted.

Decisions of the Commission may be appealed.

Telephonic communications between the commission, (located at the primary teleconference site), and individuals participating at the nine other referenced teleconference sites will be scheduled from 7:00 p.m. until midnight, March 14. If deemed necessary by the Commission, the Commission will reconvene the hearing at the primary teleconference site with teleconference communications between the primary location and the nine other referenced teleconference sites from 10:00 a.m. until 3:00 p.m., March 15, 1986.

If, for any reason, (e.g. weather conditions, transportation delays, inadequate meeting room capacity, telephonic communication equipment malfunction or preemption of teleconference channels, etc.), the meeting is unable to be conducted at the times and/or places specified in this notice, that meeting will, at the discretion of the Commission, be cancelled or rescheduled to a new time as early as is practicable. Notice of such cancellation or rescheduling will be formally posted by the time and at the primary teleconference site of the meeting as originally scheduled.

Questions for further information concerning the meeting should be addressed to:

Bids will then and there be opened and publicly read aloud at 2:00 p.m. Mailed proposals shall be addressed to the North Slope Borough, P.O. Box 69, Barrow, Alaska 99723. Proposals received after the time announced, which will be 1:30 p.m. unless otherwise specified, for the opening will not be considered.

The Contract Documents may be examined at the Borough's Office, and at the following location:

Livingston Stone, Inc.
3900 Arctic Blvd., Suite 301
Anchorage, Alaska 99503

Sets of the Contract Documents may be obtained for bidding purposes from the office of Livingston Stone, Inc., upon payment of Seventy-five Dollars (\$75.00), non-refundable, for each set requested. Upon request, sets of the Contract Documents will be mailed expressmail with the additional payment of the non-refundable sum of \$30.00 per set for postage and handling. Checks shall be made payable to Livingston Stone, Inc.

A pre-bid conference will be held in the borough's Anchorage Office at 3:00 p.m. local time on Wednesday, March 12, 1986. All potential bidders are required to attend this conference. No bid will be received from any bidder who does not attend such conference. Prior to admission to such pre-bid conference any potential bidder will be required to furnish the certificate, Section II (Certificate for Pre-Bid Conference).

Each proposal shall be accompanied by a certified or cashier's check payable to the order of the North Slope Borough for a sum not less than five percent (5%) of the amount of the proposal, or accompanied by a bid bond, in an amount not less than five percent (5%) of the amount of the proposal, of a corporate surety licensed to do business in the State of Alaska, conditioned that the bidder will pay the Borough, as liquidated damages, the amount specified in the bond, unless it enters into a contract in accordance with its proposal and furnishes performance and payment bond with

surety satisfactory to the Borough in an amount equal to one hundred percent (100%) of the contract price and insurance certificate within ten (10) days from the date on which it is notified it is the successful bidder. If the bidder fails to enter into the contract and furnish the performance and payment bond and insurance certificate within ten (10) days from the date on which it is notified that it is the successful bidder, its check (or bid bond) and the amount thereof shall be forfeited to the Borough.

All contractors wishing to bid on this project must be prequalified to do construction for the North Slope Borough. Those bidders who have not pre-qualified and are not on the borough's current bidder's list must complete and submit "Bidders Information Form" with their bid. This form is included in the project manual, Section III.

The Borough reserves the right to reject any or all proposals and to waive irregularities or informalities in any of the proposals. Bids may be awarded in accordance with the Borough preference policy, a copy of this is available upon request. Each proposal shall be submitted only on the prescribed proposal forms included with the contract documents.

The State of Alaska and Department of Transportation and Public Facilities request proposals for a public relations consultant.

In conjunction with Department staff, develop and implement public relations program for the construction phase of the Anchorage International Airport Parking Structure, associated underground transportation lobby, and new highway approaches to the airport.

The construction of this project has the potential of causing major temporary disruptions to public access and parking at the domestic airline terminal. The public relations program should be designed to assist the construction management team in minimizing the impact of this construction on the public; the airlines, and associated airport businesses. The program should be an active

ongoing effort with the capacity to respond quickly to public reaction and changes in construction schedules and procedures.

Please contact Charlotte DiCostanzo (561-1148), 5600 B Street, Suite 101, for copies of proposal or questions.
