

Until June 15!
Provide us with your latest Wien or Alaska frequent flyer mileage statement by June 15, and we will apply all those miles flown through May 1, 1984 to your new TravelMark Account. Also, receive double credit for all miles you fly on MarkAir through June 15.

TravelMark

**The only frequent
flyer program that
gives you the Lower 48,
Hong Kong,
Honolulu, Acapulco,
London**

**And that's only
the beginning.**

When you join **TravelMark**, these benefits start immediately:

Travel Awards — Your mileage earns free and discounted trips within Alaska, of course. But the more miles you fly on MarkAir, the closer you are to free trips to the Lower 48 (40,000 miles), Hawaii (50,000 miles), Mexico (75,000 miles), Europe and the Orient (150,000 miles).

Automatic Premium Points — *In addition to* travel awards, you're constantly earning premium points — automatically. Points that are redeemable in our Mark of Distinction catalog for gifts like a videocassette recorder, Casio Day/Date watch, a leather briefcase and more. And when you redeem these premium points, your travel mileage credits are not affected.

Mileage Counts Twice —

A MarkAir Exclusive — This special benefit is unique to MarkAir. Connect with Northwest Orient or Western Airlines on any of their flights, and the miles you fly on MarkAir are credited to your **TravelMark** account *and* your Free Flight Plan or Travel Pass II account.

Bonus Mileage — Receive a 1,000 mile bonus just for joining **TravelMark** and 1,000 mile bonus for every person you refer to the program.

The best combination of travel and premium awards in Alaska. Free bonus mileage. Mileage that counts twice. All these benefits begin as soon as we receive your application. So contact your travel agent or MarkAir *today* and start earning your way around the world.

Something special in the air.
