NOTICE OF SALE

STATE OF ALASKA COMPETITIVE OIL AND GAS LEASE SALE 80 (Shaviovik)

The Department of Natural Resources, Division of Oil and Gas (DO&G), gives formal notice under AS 38.05.945(a)(4), of its intention to offer lands for competitive oil and gas leasing in Sale 80, Shaviovik. Sale 80 includes 202 tracts with an area of approximately 951,302 acres, and is located entirely within the North Slope Borough. The sale area is generally located between the Canning and Ugnuravik Rivers and consists of state owned uplands and tide and submerged lands located on the north slope and in the Beaufort Sea.

The communities of Kaktovik and Nuiqsut may be affected by activities resulting from this sale. Sale 80 has been included in the oil and gas leasing program since 1990.

Tract Deletions and Acreage Adjustments

The state reserves the right to revise tract acreage at any time up to 10 days prior to the sale and delete whole tracts any time up to and including the day of the sale. Bidders are advised that they are solely responsible for assuring that the per acre bonus bid submitted for each tract accurately reflects the total acreage within the tract at the time of the sale.

Sale Terms

The bidding method for Sale 80 will be cash bonus bidding with a minimum bid of \$10 per acre. All leases issued as a result of any sale will have an initial primary term of seven (7) years. All leases issued as a result of these sales will have a fixed royalty rate of 12 and 1/2 percent (12.5%). All leases issued as a result of these sales will be executed on new Form No. 9208 (COMPETITIVE OIL AND GAS LEASE). Annual rental for each lease will be at a rate of \$1.00 per acre for the first year, \$1.50 per acre for the second year, \$2.00 per acre for the third year, \$2.50 per acre for the fourth year, and \$3.00 per acre for the fifth and following years.

Bidding Procedures

NOTICE OF UTILITY TARIFF FILING

The Alaska Public Utilities Commission gives notice that GCI COMMUNICATION CORP. (GCI), an interexchange telecommunications utility, has filed a tariff revision (TA52-419) to add a new provision to its promotional offering, "Thanks a Million" Sweepstakes.

Generally in the "Thanks a Million" Sweepstakes each dial station, calling card, and 800 service call billable and posted to a GCI residential account during the promotional period (September 13, 1995 to January 28, 1996) will receive one entry. Three drawings for prizes will be held. The prizes are cash awards and at the final drawing a \$1,000,000 annuity.

In TA52-419, GCI amends the sweepstakes promotion to give three entries into the "Thanks a Million" Sweepstakes for every call placed on October 18, 1995, which is Alaska Day.

If the Commission finds that a rate or classification proposed by GCI is not just and reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from GCI at 2550 Denali Street, Suite 1000, Anchorage, Alaska 99503-2781. The filings may be inspected at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska, 99501.

Any interested person may file with the Commission a statement of views favoring or opposing this tariff filing. If you are a person with a disability who may need a special accommodation to comment on the proposed tariff revision, please contact Michelle Gaut at 907-263-2114 /TTY: (907) 276-4533 by October 4, 1995, to make any necessary arrangements.

Please file comments or petitions by October 11, 1995, to assure their consideration by the Commission prior to a final decision on this matter. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with GCI.

DATED at Anchorage, Alaska, this 22nd day of September 1995.

to be held on November 17, 1995. A disclosure statement on personal information required by the State of Alaska Statutes 3AAC08.305 through 3AAC.365 must be completed by each candidate.

In order to bid at Sale 890, bidders must pre-qualify no later than 4:00 p.m., December 4, 1995. Potential bidders should consult DO&G for pre-qualification requirements and procedures. Under 11 AAC 82.445, a bid will not be considered unless supported by the bid deposit and information required, unless any omission is determined by the commissioner or his designee to be immaterial or due to excusable inadvertence, and the omission is corrected within one week after receipt of a notice of deficiency.

Best Interest Finding and ACMP Consistency Determination

In support of Lease Sale 80, the director of DO&G has prepared a written final finding and decision under AS 38.05.035(e) and (g), which sets forth the facts, policies, and applicable laws upon which he has based his determination that this sale will best serve the interests of the state. In addition, a conclusive coastal zone consistency determination has been made that this sale is consistent with the Alaska Coastal Management Program (ACMP).

AS 38.05.035(a) and the departmental delegation of authority give the director, DO&G, the authority to impose conditions or limitations, in addition to those imposed by law, to ensure that the disposal best serves the interests of the state. To meet this requirement, the director has adopted environmental and social terms and conditions, which may include limits on surface entry, for tracts leased in Sale 80. These stipulations and mitigating measures are part of the lease and will be enforced throughout the duration of the lease. These lease terms will be imposed through approval of plans of operations, exploration and development and other permits to mitigate potential adverse social and environmental effects of lease-related activities.

This Best Interest Finding is a final administrative decision of the department. A person who is aggrieved by this finding may request the commissioner to reconsider the decision under AS 35.05.035(i) and (j). To be eligible an appellant must have meaningfully participated in the process to develop the finding by either submitting written comments during the prescribed comment periods, or by presenting oral testimony at a public hearing regarding the proposed sale. A request for reconsideration must be received by John T. Shively, Commissioner, Department of Natural Resources, 3601 "C" Street, Suite 1210, Anchorage, Alaska 99503-5921, or received by fax at 1-907-562-4871 by 5:00 p.m. (local time), September 25, 1995. If the commissioner fails to act on the request for reconsideration by October 5, 1995, the request is considered denied.

A denial of a request for reconsideration is the final administrative decision for purposes of appeal to Superior Court. A person may appeal the Final Best Interest Finding to Superior Court only if the person was eligible to request, and did request, an administrative reconsideration of the finding by the commissioner. An appellant must initiate an

appeal to the Superior Court within 30 days from the date of denial of that reconsideration or from date of distribution of the denial decision, in accordance with the rules of court and to the extent permitted by applicable law.

Additional Information

Copies of the best interest finding and the ACMP Consistency Determination are available for public review at the following locations: Kaktovik and Nuiqsut public libraries, the North Slope Borough offices, the North Slope Borough Library Media Center, the City of Barrow municipal offices, Kavelook School Library, Nunamit School Library, Tuzzy Consortium Library, and the Loussac Public Library in Anchorage.

Potential bidders and interested individuals may also obtain complete details regarding

Sale 80 including: copies of this Notice, the Sale Announcement, instructions to Bidders, Mitigation Measures, the best interest finding and decision, the Consistency Determination, Tract Maps, Final Legal Descriptions and other information, during regular office hours, from DO&G, Frontier Building, 3601 "C" Street, Suite 1380, in Anchorage or by writing DO&G at 3601 "C" Street, Suite 1380, Anchorage, Alaska 99503-5948. The cost for each set of tract maps is \$50.00 plus \$3.50 for postage. Please make checks payable to Department of Revenue, State of Alaska.

NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION gives notice that INTERNATIONAL TELECOM, INC. (ITI), an interexchange telecommunications utility, has filed a tariff revision (TA1-455) to add two new offerings, Promotional Remote Memory Debit Card Service and Intrastate Toll Service via 800 Access.

ITI states that customers who purchase promotional remote memory debit cards will have the opportunity to win cash prizes or additional value for calling in their cards. These cards will expire one year from purchase date or six months from last use, whichever comes first. The cards are issued in different values from time to time with the first cards being issued in values of \$1.00, \$5.00, and \$10.00. The rate for this service is \$.50 per minute, regardless of time of day.

ITI describes its Intrastate Toll Service via 800 Access as follows:

The company provides intrastate toll service to business and residential users via the same system utilized for remote debit card service. Business and residential customers will sign up to use the company's service for both interstate and international toll. The company programs the customer's business and/or residential phone numbers in the company's telephone switch located in the Lower 48. The customer is given an interstate 800 number to dial to access the switch. When the call is made and answered, the switch looks at the incoming ANI (automatic Number Identifier) to determine if the call is coming from an authorized user, the switch provides dial tone for the customer to direct dial their call. The company then bills the customer for the calls on a monthly basis. As part of this service, the customer can dial a call that will terminate back in Alaska.

The proposed rates for Intrastate Toll Service via 800 Access are as follows:

Daytime calls (8:00 a.m. to 5:00 p.m.)	\$.26/minute
Evening calls (5:00 p.m. to 11:00 p.m.)	.21/minute
Night calls (11:00 p.m. to 8:00 a.m.)	.18/minute

If the Commission finds that a rate or classification proposed by ITI is not just and reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from ITI at 1153 E. 72nd Avenue, Anchorage, Alaska 99518-2369. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501.

Any interested person may file with the Commission a statement of views favoring or opposing this tariff filing. If you are a person with a disability who may need a special accommodation to comment on the proposed tariff revision, please contact Michelle Gaut at (907) 263-2114/TTY: (907) 276-4533 by October 4, 1995, to make any necessary arrangements.

Please file comments or petitions by October 11, 1995, to assure their consideration by the Commission prior to a final decision on these matters. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with ITI.

NOTICE OF UTILITY TARIFF FILING

The ALASKA PUBLIC UTILITIES COMMISSION gives notice that ALASCOM, INC. (Alascom), a long lines telecommunications utility, has filed a tariff revision (TA351-98) to add a promotional offering, Residential Message Telephone Service (MTS) Expanded Savings Promotion. Alascom states that

This tariff filing provides a new promotional discount offering for residential message toll consumers with low to moderate usage. The discounts are determined by evaluating the customer's combined interstate, intrastate, and international usage. Based on this combined usage, the customer may be eligible for discounts of 10% or 25%. Once determined, the appropriate discount will be applied to the eligible components of the customer's intrastate toll bill.

Under the proposed promotion Alascom will provide a discount in accordance with the following schedule to residential MTS customers who enroll in this promotion no later than April 30, 1996.

Combined Monthly Usage	Discount Level for	
	Eligible Intrastate MTS Usage	
\$0.00 - \$9.99	0%	
10.00 - 24.99	10%	
25.00 - Over	25%	

The promotion begins October 15, 1995, and ends October 14, 1996. To participate, customers must be subscribed to Alascom as their primary interexchange carrier. The promotion is not available to customers subscribing to any Alascom Optional Calling Plan unless the plan explicitly states otherwise. Usage under several other services, e.g., High Seas and Ship-to-Shore, does not qualify under the promotion.

If the Commission finds that the proposal by Alascom is not just and reasonable, the Commission may approve a rate or classification which varies from that proposed.

Detailed information may be obtained from Alascom at 210 East Bluff Road, Anchorage, Alaska 99501. The filing may be inspected at the offices of the Alaska Public Utilities Commission, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501.

Any interested person may file with the Commission a statement of views favoring or opposing this filing. If you are a person with a disability who may need a special accommodation to comment on the proposed tariff filing, please contact Michelle Gaut at 263-2114 by October 2, 1995, to make any necessary arrangements.

Please file comments or petitions by October 9, 1995, to assure their consideration by the Commission prior to a final decision on this matter. Any statement filed with the Commission should clearly affirm that the interested person has filed a true copy of the statement with Alascom.
