Photo contest sponsored by ADF&G

JUNEAU — The spectacular wildlife, rich fisheries, rugged mountains and mighty rivers of Alaska are the focus of dreams for many outdoor enthusiasts. Once these dreams are realized they are often captured on film. Bears, puffins, the "big one" that did not get away — all are possible winners in this year's *Alaska Fish & Game* magazine's photo contest.

Sponsored by the Alaska Department of Fish and Game each year this contest is held in an effort to encourage

Alakans to share their personal outdoor experiences with others in the state.

Photos of Alaska's fish and wildlife or of people enjoying these valuable resources will be accepted between February 1 and February 28. A grand prize \$200.00 and five honorable mentions of \$100.00 each are being offered to this year's contestants.

For additional information call (907) 465-4112. Please send entries to:
