

SKI-DOO '69

MAKES FUN NO PROBLEM

NORDIC SERIES

Everything about Nordic is new . . . from its wider 18" track to its automatic cigarette lighter. And new Nordic gives you a smoother, more stable ride — without losing any of SKI-DOO's famous sportiness. For the family man, SKI-DOO Nordic is the snowmobile that promises everything . . . and comes through with it — dependably.

OLYMPIC SERIES

This is the snowmobile that's high on value but not on cost. Its price tag is lower by far than any other snowmobile in its class. And SKI-DOO Olympic is so perfectly powered, so beautifully balanced — it gives you that sporty, responsive ride no other snowmobile can match. No wonder more people start snowmobiling with SKI-DOO Olympic than any other make.

ALPINE SERIES

With its twin 15" tracks, Alpine is the most light-footed SKI-DOO of all. You never have to worry about digging in or bogging down — no matter how deep or fluffy the snow. And SKI-DOO gives you all the power you need to twin-track your way up steeper mountain slopes, or race across open snowfields. If you want more fun high off the beaten path — twin-track Alpine is the SKI-DOO for you.
