

SPACE HEATERS

By Dart

DB 140 D Circulates 150,000 BTU's per hour. Excellent wherever lots of heat is needed immediately, indoors or out. Produces 262 degrees at outlet instantly. Built-in thermostat and Positive Safety Control. Thermostat control allows 12 hours of unattended operation on one tank of low-cost No. 1 fuel oil or kerosene. **\$279⁰⁰**

DB 99 D

This versatile, high capacity heater starts easily even in sub-zero weather. Circulates 8,500 BTU's per hour, as much heat as produced by many small home furnaces. Runs more than 14 hours on one tank of low cost kerosene or no. 1 fuel oil. Equipped with Positive Safety Control. **\$187⁴³**

DB 50

Less than 30 inches long and weighing only 44 pounds, this deluxe compact model easily heats the average garage from 32 to 72 degrees in minutes. Circulates 50,000 BTU's for less than 6c per hour. Specially designed Positive Safety Control comes as standard equipment. **\$132³³**
