Borrow For Your Business Venture From Businesses That Understand Your Business

A new trend has been developed that makes investment money available on businesses like yours FROM lenders and investors that relate to businesses such as yours. Small and large companies alike are becoming reluctant to obtain expansion, investment and venture capital from lending institutions that will talk in their terms only.

Now, WORLDWIDE FINANCE EXCHANGE is providing a new concept in exposing you to new sources of capital that know and understand your business requirements. They talk money to you on YOUR terms!

Four Basic Categories

More than 1,100 investment capital-heavy companies throughout the nation have been brought together by WORLDWIDE FINANCE that want to loan or invest money in four basic areas of business:

These four categories offer a broad spectrum of business interests that represent loaning power into the billions of dollars. Loans from a few hundred dollars to long-term arrangements amounting to multi-million dollar agreements are available from interested individuals and companies who want to help you meet your growth and financial desires. In fact, in many transactions the bigger the loan requirement, the more attention you will demand.

How You Find These Investors

WORLDWIDE FINANCE has been years in developing four portfolios of companies ready and willing to talk with you immediately about your financial requirements. These specialized portfolios contain names, companies, responsible persons, range of lending or investing power and most instances specific areas of business activities.

If your financial requirements are specifically suited to just one or more of the four general categories, send for that portfolio and allow it to open a new world of financial growth power for your business ventures. YOU choose the potential source of lending activities.
