

Valley precincts organize to open 13 local offices

Voters in the Matanuska Valley and the Susitna Valley don't have to look far to find a Hickel for Governor office.

By mid-June, according Hickel volunteer coordinator Kay Frank, thirteen offices will be open, one in every precinct in the area. Number thirteen is a

satellite on wheels.

"This is our way of getting the campaign close to the people," said Frank.

Main headquarters for the Valley are in the Wasilla Airport Annex. Satellite offices are located in Butte, Sutton, Willow, Talkeetna, and at several points along the Parks Highway.
