Star-
spangled
present
with a
future

Here's a Christmas present
the youngsters on your shopping list can't lose, break, wear out, or get tired of.

It's a U.S. Savings Bond—the gift that grows while they grow. Practical. And appreciated, even by younger children. Makes a child feel important to be entrusted with such an adult-looking document. As the years pass, the money helps pay for important things like college, marriage, and emergencies. And until they do cash it in, the Bond itself is always there to remind them of your gift.

In the meantime, Uncle Sam will be using the money to help make their future secure in other ways. (Which is especially important now when so many of our fighting men are committed in Vietnam.)

Give Bonds this Christmas. Buy them where you do your banking and avoid the shopping crowds. Prices start at \$18.75 for a \$25 Bond.
