JOB OPENING

ORGANIZATION: Cenaliurrit Coastal Management District in association with the Association of Village Council Presidents

TITLE: Program Coordinator

DUTIES: Implementation of program goals, objectives and policies of the Alaska Coastal Management Program for the Yukon/Kuskokwim Coastal Resource Service Area as established by Cenaliurrit coastal zone management plan. Conduct meetings and obtain public input to produce scoping document outlining proposed amendments to the Cenaliurrit

CRSA Coastal Management Plan, and coordinate with Cenaliurrit Board. Conduct meetings in villages regarding current Cenaliurrit Plan and translate/explain overall Cenaliurrit Plan. Other tasks include resource information and consistency reviews to plans of development, resource management and permitting processes in the Y/K Delta region. Balance plans of development by federal, state, local, and private sectors to assist in giving area residents the opportunity to guide the uses of their coasts, wetlands, and riverine areas to potential impacts regarding developmental activities through application of mitigative provisions and standards.

Work with the Division of Governmental Coordination, Dept. of Environmental Conservation, U.S. Fish & Wildlife Service, Ak. Dept. of Fish & Game, Dept. of Natural Resources and the Dept. of Community and Regional Affairs, in carrying out program goals and objectives. Attend teleconferences and meetings on related projects above when possible, and provide agency comment. Review legislation that affect land, air and water quality standards, including proposed changes to both state and federal Administrative Codes of Regulations. Work under direction of the Cenaliurrit Board of Directors in association with AVCP Inc. and other regional groups. Seek supplemental funding through foundation grants etc., and provide fiscal oversight of program funds. Appearance in public and reporting. Others as assigned by the Board of Directors.

QUALIFICATIONS: Fluency in Yupik language preferred, but not required. Understanding of legislative processes along with state and federal agencies mentioned above in their relationship to the Alaska Coastal Zone Management Program. Ability to effectively interpret technical planning documents, write proficiently and carry out varied program functions as required. Computer experience extremely helpful (Microsoft Windows, Version 3.0).
