Updated Edition —

# ALASKA NATIVE LAND CLAIMS

By ROBERT ARNOLD

*"Congratulations! You have clearly explained and simplified a very complicated claims settlement act. Your historical narrative is impressively objective and it more closely portrays what really led to the claims settlement than anything else I've seen. This textbook is essential to the educational process, the schools need it. It is a break-through for Native education."*

*John W. Schaeffer*  
President, NANA Regional Corporation
