

# Is A College Degree Still In Your Future? (It's Never Too Late)

**S**o maybe you didn't have a chance to attend college after high school. Maybe your grades weren't the best . . . or you had to go to work . . . or you just weren't ready. It doesn't mean it's too late!

## We Think You Deserve A Second Chance

Good Community College grades and an Associate of Arts Degree will help you get into a four-year college, if that's your goal. Or, if you want a specific career training program, such as a certificate or Associate degree in Broadcast Communications, Developmental

Disabilities, Fisheries/Aquaculture or Office Management Technology, for example, we might be just what you're looking for. With a PWSCC certificate or degree you've proven you've got what it takes.

## But It Isn't Going To Be Easy

Don't get the impression we're easy. You'll earn every grade you get. But we work with you. We help you over the rough spots and encourage your interests. You'll learn not only what is required for a new career or four-year degree, but what it takes to succeed.
